Risk warning: Past performance is not a reliable indicator of future performance and may not be repeated. An investment's value and the income deriving from it may fall, as well as rise, due to market fluctuations. Investors may not get back the amount originally invested. Performance is shown in Japanese Yen; the return may increase or decrease as a result of currency fluctuations. The strategy's performance shows gross of fees (after trading expenses and before the deduction of investment management fees) and total net returns (dividends, net of tax, have been reinvested in the portfolio). WM/Reuters 4pm exchange rates have been sourced from RIMES. Close-of-day stock mid-prices have been sourced from Bloomberg. Cash is included on a settlement-dated basis. The information contained in this document is to be used by the professional client that this document is issued to only. **Risk warning: This strategy is not available in the U.S., EEA or to EEA domiciled persons.**

Risk warning: On 1 January 2021 the UK left the EU transitional arrangements and no longer benefits from passporting rights into EEA countries.
