

Modern Slavery Act Statement For The Financial Year Ending December 2024

Background

The Modern Slavery Act 2015 (the “Act”) of the United Kingdom requires certain businesses to provide disclosure concerning their efforts to address the issues of slavery and human trafficking in their supply chain.

This statement sets out the approach taken by Sumitomo Mitsui DS Asset Management (UK) Ltd (SMDAM UK) during the financial year ending 31 December 2024 towards identifying and preventing modern slavery and human trafficking in its business and supply chains.

Organisational Structure

SMDAM UK is 100% owned subsidiary of Sumitomo Mitsui DS Asset Management Company, Limited (SMDAM Tokyo) which was created by the merger between two Japanese leading asset managers, Sumitomo Mitsui Asset Management Company, Limited (SMAM) and Daiwa SB Investments Ltd (DSBI) on 1 April 2019.

The ownership (percentage of voting rights) of SMDAM Tokyo is as follows: Sumitomo Mitsui Financial Group (50.1%), Daiwa Securities Group (23.5%), Mitsui Sumitomo Insurance Company (15.0%), Sumitomo Life Insurance Company (10.4%), and Sumitomo Mitsui Trust Bank, Limited (1.0%).

SMDAM UK’s client base includes pension schemes, insurance companies, funds, private banks and sovereign wealth funds, based in the UK and EU as well as the Middle East region.

Business and Supply Chains

SMDAM UK’s clients with Japanese equity mandates have the management of their portfolios delegated to SMDAM Tokyo. SMDAM UK is responsible for investment research in relation to the global equity mandates of clients based in Japan and managed by SMDAM Tokyo. Also, SMDAM UK enters into sub investment advisory/management agreements with SMDAM Tokyo.

Other suppliers may also include parties with whom SMDAM UK has entered into a distribution or similar agreement to distribute our products and services, service contracts for investment administration and IT services and other ancillary services such as disaster recovery and business continuity, data provision and maintenance, as well as other IT and general service providers.

SMDAM UK shares its office in London with SMBC Group although SMDAM UK is a separate legal entity.

Due Diligence

SMDAM UK’s business and supply chain contractual arrangements are subject to a due diligence process on a risk based approach, both before the business relationship commences and on an ongoing basis as appropriate. This includes a risk assessment which takes account of the type of service to be provided, the jurisdiction of the counterparty and its regulatory status if appropriate, and any conflicts of interest which may arise.

Our Response To The Modern Slavery Act

SMDAM UK considers that the nature of SMDAM UK's service offering and that of its contractual counterparties means the risk of involvement in modern slavery and human trafficking is low, and SMDAM UK believes it does not currently have any third-party relationships which raise any issues or concerns in this area. Nevertheless, SMDAM UK will assess any potential modern slavery risks presented by existing and new suppliers.

Staff Awareness Training

On an ongoing basis, staff education and awareness of the Act and its effects will be made via communication of current and / or relevant issues and developments, with SMDAM UK's policies and procedures being updated and amended as necessary. In addition, SMDAM UK has a whistleblowing policy through which staff may report any concerns of malpractice without fear of recrimination.
